## Doodle Maths Times Tables

Dear Parents / Carers,

You will be aware that we launched Doodle Maths recently and it has been very well received by our children. In most cases children have further developed their interest in Maths and this is great to see. Teachers are setting extra challenges for the children and relating this to what is taught in sessions. Teachers are also using the App as an intervention that supports the filling of gaps of knowledge.

Some of our children have been using the App quite frequently and have amassed many Doodle Stars. We have had many children in the national Top 20 in recent weeks and this is great!

We have also uncovered a glitch on the App – a sort of ‘hack’ that gives users more stars ...our children have shared this with developers and we are very proud to be involved in the future development of the App.

Today we are introducing Doodle Maths Times Tables, a separate App that can be downloaded and used to support the learning of times tables. We are using this in school and children can access it at home by simply downloading it onto their device. The same username and password will work for both Doodle Maths, Purple Mash and Doodle Maths Times Tables.

Feedback from children is unanimously positive about the new Apps but we are keen to hear from parents whether positive or negative feedback, we don't mind – as long as it's constructive and moves our school forward.

The link to the Times Tables App is:

<https://www.doodlemaths.com/download-doodlemaths-for-windows-mac/>

It can also be downloaded in the Google Play store or from the Apple Store.

Kind regards,

Mr Callaghan-Wetton  
Head Teacher
