

PEGI ratings

Information taken from The Video Standards Council/Games Rating Authority website.

<http://parentinfo.org/article/pegi-games-ratings-explained>

<p>PEGI 3</p>	<p>Games given this rating are considered suitable for all age groups. Some violence in a comical context or child-friendly setting is acceptable, as is nudity when shown in a completely natural and non-sexual manner such as breast feeding.</p>
<p>PEGI 7</p>	<p>Contains some possibly frightening scenes or sounds. A little more violence apparent but always unrealistic and often directed towards fantasy characters. Implied violence (for example the bombing of a city where violence is not seen directly) is also dealt with at this level.</p>
<p>PEGI 12</p>	<p>Graphic and realistic looking violence towards fantasy characters is allowed. Any violence towards human characters must look unrealistic unless it consists of only minor or trivial injury such as a slap. Sexual posturing of the type often seen in music videos is also allowed at this level as is sexual innuendo. Some bad language is allowed but it can be no more than mild swearing. PEGI 12 is the minimum rating a game which teaches or encourages gambling can receive, though the descriptor also appears on PEGI 16 and PEGI 18 games. A game at this level may feature horror content such as strong threat and dread or graphic injury details.</p>
<p>PEGI 16</p>	<p>More mature and realistic violence against human characters. The game may deal heavily with death and injury to humans. Gory and bloody violence may be included at a PEGI 16 level but only if the game is arcade style. Sexual activity can be shown but it must not include visible genitals. Depictions of erotic nudity may feature. The worst forms of bad language can be heard and will often include sexual expletives. The use of tobacco and alcohol may be encouraged, and the game can feature the use of illegal drugs. The game could glamorise crime.</p>
<p>PEGI 18</p>	<p>The adult classification is applied when the level of violence becomes gross. Gross violence is classed as horrific methods of bringing death or severe injury, including torture, decapitation or dismemberment. Violence against vulnerable characters such as children and the elderly may feature, along with motiveless violence against multiple innocents. Sexual violence and threat are also classified at PEGI 18. The game may include detailed descriptions of criminal techniques, or it may glamorise the use of illegal drugs. Sexual activity with visible genital organs can be shown.</p>

Content labels

As well as the age rating, there are content labels, or descriptors, to explain why the game was given its rating. These are displayed on the packaging of the game (see image at the top of the page). As well as those pictured, there is one of Discrimination but it has never appeared on a game box in the UK. If a game did include discrimination, it is likely that it would infringe national criminal law.
