Dear Parents/Carers,

Your child has a fantastic opportunity to be involved in a Year 5 and 6 science workshop at the Redhill Academy for inspiring scientists. The workshop is led and organised by STEM who are leading figures in science education. They offer a range of support and guidance to enhance the teaching and learning of STEM subjects. From CPD to STEM Ambassadors, all of our programmes are designed to have a positive impact on teachers, technicians and others working with young people and are dedicated to providing high-quality support to educators, ensuring young people receive the best possible STEM education.

The workshop will take place in the afternoon on **28th June** and will take place in school time, with children arriving back at King Edwin before the end of the day. If you have any more questions, feel free to ask me.

Mr Purrington
Science Co-ordinator

STEM Science Workshop at Redhill Academy on 28th June.

Pupils name _____ will / will not be able to attend.
