Friday 15<sup>th</sup> March 2019

Dear Children and Parents,

We have a very exciting opportunity for some of our children in Year 5 and 6 and, although this is not starting until after Easter, we feel that its appropriate to share the news now during STEM week.

We are introducing a Digital Leaders Club in the Summer Term with the view to creating something truly special at King Edwin Primary School. We have invited Wes Thompson in from Newark and Sherwood Council and he aims to recreate the fantastic digital projects that he has created at schools across the County.

Our focus will be around connecting our heritage in Edwinstowe with technology by developing an App that can be downloaded from Google Play or the Apple Store. Our children already have the skills, qualities and attributes to make this happen and we know that they will love doing so.

We think that this is an amazing opportunity for our children and we are very excited about how this project has the potential to inspire and enthuse them to be digital leaders.

Our Digital Leaders Club will take place every Friday after school from 3.15 to 4.20pm after the Easter Holiday. We can only offer 8 spaces and the children taking up this offer must have a real interest in STEM , design, computing and digital technology. They need not already be App developers but they must have a strong interest in the project as there will be a high level of effort and commitment required to ensure we are able to create something of great quality at the end of the sessions.

Children must apply to be part of the club by writing one paragraph that demonstrates their interest and enthusiasm for the project. This will be judged by our STEM Leaders and we will then formally invited the children to participate in the project. Hopefully we can offer further opportunities in the future as we develop our relationship with Wes and other providers.

Kind regards,  
Mr Callaghan-Wetton and Mr Purrington (STEM Leader)
