

Foundation Stage Newsletter Week 29th April

Our new theme 'Are minibeasts scary?' has taken off really well. Already we have lots of homework on display and children asking questions to find out more.

We have been writing riddles about minibeasts and the children have enjoyed it so much we will be doing it again.

Our litter picking has been enjoyed by all. We are going to continue this at Forest School and explore how litter can be harmful to wildlife.

As we are starting a new term, our new baking programme is underway. We are only able to continue this with your kind donations so we politely ask if you could go through our Gateway app and contribute to our baking funds for the Summer term.

Question

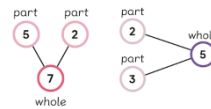

Where can we find minibeasts?

Diary dates

Tuesday 7th May- Badger Library Visit
(NEW DATE)

Wednesday 9th May- Forest School Event
F1 and F2

Friday 25th May- Ugly Bug ball

Maths
